

NOGOJIWANONG INDIGENOUS FRINGE FESTIVAL 2024

The World's First and Only Indigenous Fringe Festival

From June 21-23, 2024, Nogojiwanong (Peterborough) will host Indigenous performance companies in outdoor and indoor settings on the campus of Trent University. With more than 40 performances, the Nogojiwanong Indigenous Fringe Festival (NIFF) offers artists uncensored opportunities to share their work and audiences the chance to see new and exciting creations!

The **Fringe Festival** movement is going strong across the world. As a member of the **Canadian Association of Fringe Festivals**, NIFF follows the rule that 100% of ticket sales revenue goes to artists. The costs of producing the event (space, equipment, marketing, technical and production staff) must be covered by fundraising.
